GUIDELINES: You will have 1 minute to complete each round!

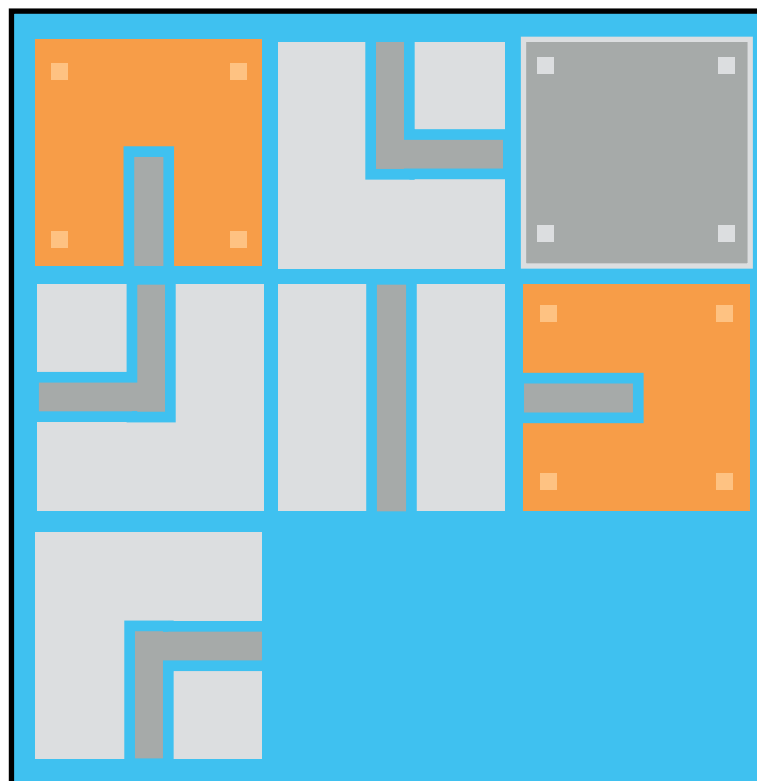

There are 3 rounds in total.

(Some levels may have extra blocks that you don't have to use.)

This will take about 2-3 minutes to complete.

Once the timer expires, the next game should load.

1/3

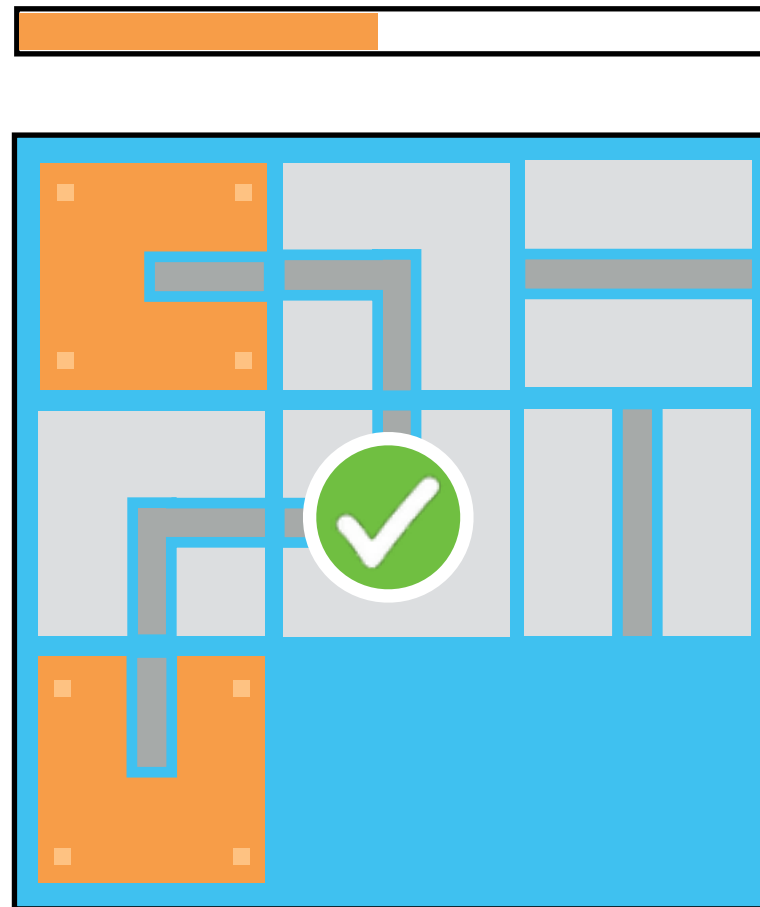

**Once the correct lines are made, the position of the extra shapes should not matter
(for example, if they are on the bottom instead of the right).*

The check should appear as normal and proceed to the next page.

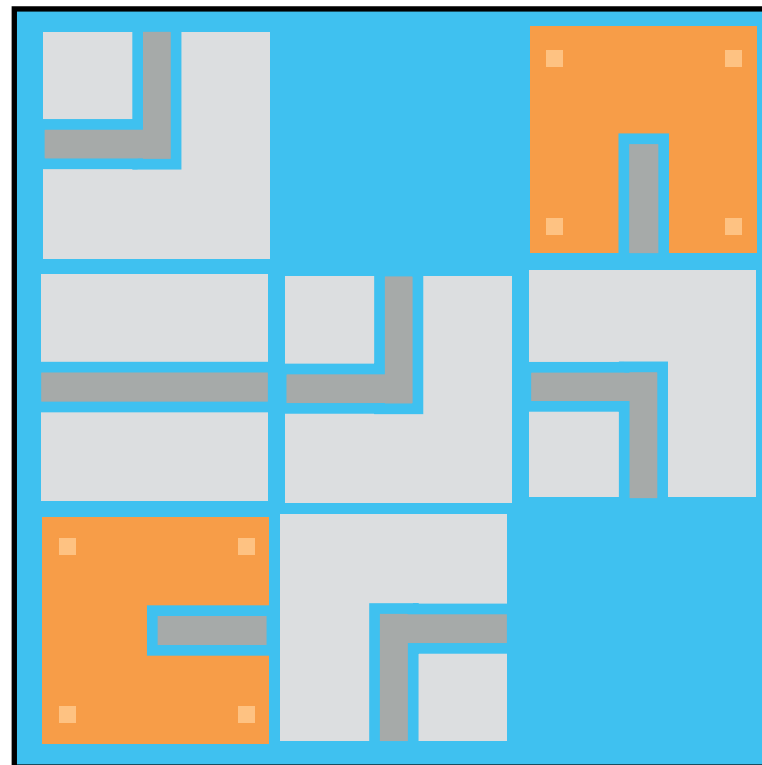

2/3

**Once the correct lines are made, the position of the extra shapes should not matter
(for example, if they are on the bottom instead of the right).*

The check should appear as normal and proceed to the next page.

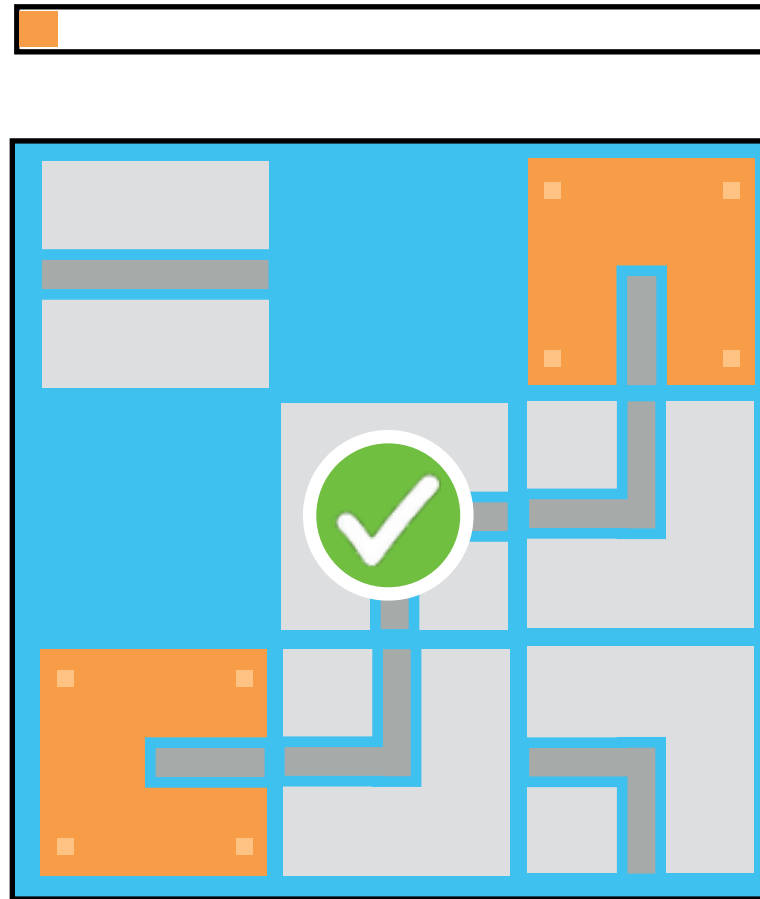

3/3

**Once the correct lines are made, the position of the extra shapes should not matter (for example, if they are on the bottom instead of the right).*

The check should appear as normal and proceed to the next page.
